Wheeler Wildlife Refuge Association

- The Friends of Wheeler National Wildlife Refuge -

Support Your Refuge!

The Wheeler National Wildlife Refuge includes 35,000 acres of wildlife habitat and public land that supports a diverse biological community.

Created in 1938,

Wheeler is the first National Wildlife Refuge placed on a multi-purpose reservoir to provide habitat for wintering and migrating birds.

Considered the easternmost Refuge in the Mississippi flyway, it attracts thousands of wintering waterfowl each year and is home to Alabama's largest wintering duck population.

The Wheeler Wildlife Refuge Association was created in 1998 to support and promote the mission and programs of the Refuge.

Join Today!

By becoming a member of the Wheeler Wildlife Refuge Association (WWRA), you will support:

- **Wildlife and Wildlife Habitat** including wildlife habitat management and restoration projects, moist soil management, and invasive exotic plant eradication
- **Environmental Education** including seminars, community outreach projects, and the Junior Duck Stamp Competition
- **Recreation Opportunities** including bird watching, hunting, fishing, canoeing, hiking, wildlife photography and more.
